PRODUCT BESCHRIJVING

Warm and comfortable protective winter gloves. The water-repellent inner membrane and lining with Thinsulate and micro fleece keep your hands warm and dry in cold and wet conditions. The index finger has a touch screen-friendly knuckle so you can use your smartphone with your gloves on. The knitted elastic cuff keeps snow out of the glove and provides excellent fit. A patch on the thumb provides better grip and higher durability. Fulfil EN 511 against cold and EN 388:2016. Size 8, 10, 12.
